4. **ROLE OF THE SCHOOL COUNCIL**

4.1 **Rationale**

- to have validity the School Council must be a decision making body.  
- The development of a role for the School Council is an evolutionary process.  
- The issue for the school is that the roles outlined in the Constitution are broad and require considerable interpretation.  
- This broadness offers an advantage because each school has the flexibility to assign tasks to the Council which best meets the needs of that school.  
- Schools must link their Council’s role into the existing management structure by identifying specific tasks for which the Council has responsibility.  
- Establish the roles of the School Council through guidance and negotiation with all groups.

4.2 The School Council will operate within the context of the relevant legislation and the stated policies and priorities of the Government and the NSW Department of Education and Training.

4.6 Within the context of relevant legislation and the stated policies, priorities and expenditure and staff allocations of the Government and the NSW Department of Education and Training, the School Council will:

4.6.1 participate in determining employment needs of a school representation on Principal Selection Panel;
